(a) The policy of the FAA is to avoid doing business with contractors, subcontractors, and consultants who have a conflict of interest or an appearance of a conflict of interest. The purpose of this policy is to maintain the highest level of integrity within its workforce and to ensure that the award of procurement contracts is based upon fairness and merit.

(b) The contractor must provide to the Contracting Officer the following information with its proposal and must provide an information update within 30 days of the award of a contract, any subcontract, or any consultant agreement, or within 30 days of the retention of a Subject Individual or former FAA employee subject to this clause:

(e) The information as it is submitted, must be certified as being true and correct. If there is no such information, the certification must so state.

#### **3.2.4-16 Ordering (October 1996)**

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from 06/01/2010 through 05/31/2014.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

#### **3.2.4-17 Order Limitations (October 1996)**

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than one class, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor-

(1) Any order for a single item in excess of five classes.

(2) Any order for a combination of items in excess of five classes; or

(3) A series of orders from the same ordering office within 60 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract, the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 10 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

#### **3.2.4-19 Requirements (October 1996)**

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the "Schedule" are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the "Schedule" and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the "Schedule" that are required to be purchased by the Government activity or activities specified in the "Schedule."

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after 05/30/2014.

#### **3.2.4-35 Option to Extend the Term of the Contract (April 1996)**

(a) The Government may extend the term of this contract by written notice to the Contractor within 60 days; provided, that the Government shall give the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option provision.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 48 months or 4 years.

**3.3.1-11 Availability of Funds for the Next Fiscal Year (April 1996)**

Funds are not presently available for performance under this contract beyond 05/31/2011. The FAA's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the FAA for any payment may arise for performance under this contract beyond 05/31/2011, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

**3.3.1-33 Central Contractor Registration (January 2008)**

(a) Definitions. As used in this clause

"Central Contractor Registration (CCR) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Data Universal Numbering System (DUNS) number" means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

"Data Universal Numbering System +4 (DUNS+4) number" means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

"Registered in the CCR database" means that the Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror shall enter, in Representations, Certifications and Other Statements of Offerors Section of the solicitation, the DUNS or DUNS +4 number that identifies the offeror's name and address exactly as stated in the offer. The DUNS number will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number

(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://fedgov.dnb.com/webform>; or

(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and ZIP Code.

(iv) Company Mailing Address, City, State and ZIP Code (if different from physical street address).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer may proceed to award to the next otherwise successful registered offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in AMS Procurement Guidance T3.10.1.A-8, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) change the name in the CCR database;

(B) comply with the requirements of T3.10.1.A-8; and

(C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide the Contracting Officer with the notification, sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims. Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov/> or by calling 1-888-227-2423, or 269-961-5757.

### **3.3.1-36 Availability of Funds - Option Periods under a Continuing Resolution (April 2008)**

Due to the possibility of the enactment of a continuing resolution in lieu of an annual appropriation, full fiscal year funding may not be available for an entire contract option period. In the event of a continuing resolution, FAA will only be liable for an amount based on the time period specified by the continuing resolution. The amount of funds made available by the continuing resolution will be specified by subsequent modification. If the contractor provides services in excess of the funded amount or beyond the covered period, the contractor does

so at its own risk.

**3.13-1 Approval of Contract (April 1996)**

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that

(i) The Offeror and/or any of its Principals-

A) Are ☐ are not ☐ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have ☐ have not ☐ within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public

(Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws or receiving stolen property; and

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision a)(1)

(i)(B) of this provision.

(D) Have ☐ have not ☐ within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples-

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(b) The Offeror has ☐ has not ☐ within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) 'Principals,' for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions). THIS CERTIFICATION CONCERNS A MATTER WITHIN THE JURISDICTION OF AN AGENCY OF THE UNITED STATES AND THE MAKING OF A FALSE, FICTITIOUS, OR FRAUDULENT CERTIFICATION MAY RENDER THE MAKER SUBJECT TO PROSECUTION UNDER SECTION 1001, TITLE 18, UNITED STATES CODE.

(c) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(d) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this SIR. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(e) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(f) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this SIR for default.

Any data delivered under the resulting contract will be subject to the "Rights in Data-General" clause that is to be included in this contract. Under the latter clause, a Contractor may withhold from delivery data that qualify as limited rights data or restricted computer software, and deliver form, fit, and function data instead. The latter clause also may be used with its Alternates II and/or III to obtain delivery of limited rights data or restricted computer software, marked with limited rights or restricted rights notices, as appropriate. In addition, use of Alternate V with this latter clause provides the Government the right to inspect such data at the Contractor's facility.

(b) By completing the remainder of this paragraph, the offeror represents that it has reviewed the requirements for the delivery of technical data or computer software and states (offeror check appropriate block) -

(b) By the submission of this offer, the offeror certifies that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The offeror agrees that a breach of this certification is a violation of the "Equal Opportunity" clause in the contract.

(c) The offeror further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will--

(1) Obtain identical certifications from proposed subcontractors before the award of subcontracts under which the subcontractor will be subject to the "Equal Opportunity" clause;

(2) Retain the certifications in the files; and

(d) The selection will be determined from FAA review of each volume and evaluation of the representations submitted by each offeror. The offeror must submit the proposal volumes in accordance with instructions and evaluation factors identified in Section L. Non-conformance with these instructions may result in an unfavorable proposal evaluation. FAA review and evaluation shall be conducted in accordance with the evaluation criteria in Section M.

(e) Specific attention is invited to **AMS paragraph 3.2.2.3.1.2.2: Communications with Offerors**. The FAA may communicate with one or more offerors at any time during the SIR process. Communications with one offeror does not necessitate communications with other offerors, since communications will be offeror specific. Information determined to have common application and not considered prejudicial to offerors will be communicated to all offerors.

(f) In accordance with AMS 3.2.2.3.1.4, offerors who participated in the competitive process will be given three working days from receipt of the award notification to request a debriefing. Written requests for debriefing shall be timely and be provided to the PCO.

(g) If an offeror believes that the requirements in these instructions contain an error, or are otherwise unsound, the offeror shall immediately notify the PCO in writing with supporting rationale. ##### **OVERVIEW:**

- (1) The proposal responses for each technical evaluation factor shall be provided in a separate section of Volume II and each section shall be tabbed for ease of reference. The table of contents should be included and should reference the specific page number where the Government may locate specific information contained within your proposal.

- (3) The Technical Proposal must be sufficiently detailed to enable technically oriented personnel to make a thorough evaluation and to arrive at a sound determination as to whether the proposed services meet the requirements of the Government and that the offered approach is valid and practical. The Technical Proposal must be specific, detailed and complete to clearly and fully demonstrate that the offeror has a thorough understanding of the requirements for, and the technical problems inherent in, providing services of the scope outlined in the Performance Work Statement (PWS).
- (4) Statements that the offeror understands, can, or will comply with all statements in the PWS and statements paraphrasing the PWS requirements or parts thereof, are considered insufficient. Phrases such as "standard procedures will be employed," or "well-known techniques will be used," etc., will be considered insufficient.
- (5) Content is more important than quantity. Unnecessarily elaborate brochures or other presentations beyond that sufficient to present complete and effective proposals are neither necessary nor desired and may be construed as an indication of the offeror's lack of cost consciousness.
- (6) TECHNICAL RATINGS:** Following the preliminary review, evaluations will proceed under the direction of the TET Lead and as outlined in this plan. Each offeror shall, as a minimum, provide a copy of Section B with prices completed for each CLIN in Section B, for the base year and all option years. Proposals, whether initial or revised submissions, which have unrealistically low prices may be grounds for elimination from further competition on the grounds of the offeror's failure to comprehend contract requirements. The offeror shall describe any assumptions used to develop the proposed prices. The Government anticipates receiving competitive proposals. However, the Government reserves the right to request cost or pricing data and/or information other than cost or pricing data to establish the reasonableness of the proposed prices after receipt of proposals. The offeror shall provide the name, title, telephone number, fax number, and email address for the individual designated as the central point of contract for this proposal.

**L.11 NOTICE TO OFFERORS OF AVAILABILITY OF FUNDS (JAN 1997) CLA.2710**

The purpose of this provision is to put offerors on notice that funds are not presently available for this procurement. Offerors are hereby notified that this solicitation may be canceled. If funds do not become available, the Government will not be liable for any proposal preparation costs if this solicitation is canceled. Offerors will prepare proposals at their own risk. Therefore, the Government's obligation is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer and no contract may be awarded until funds are available.

**L.12 REQUEST FOR MODIFICATION OF CONTRACT TERMS AND CONDITIONS (JAN 1997) CLA.4533**

Offeror's are hereby notified that the terms and conditions of this SIR shall be changed only through formal amendment(s) issued by the Contracting Officer. If an offeror takes issue with the terms and conditions contained herein, the offeror shall submit a Request for Modification of Terms and Conditions under separate attachment to their proposal. This request should be in offeror's format, on offeror's letterhead, signed by an officer of the company with authority to bind the offeror. The request must include documentation that fully highlights the offeror's proposed changes and must be specific as to the exact term(s) or condition (s) to which the exception(s) are being taken. These changes shall not be binding on the FAA until fully agreed to by both the FAA and the offeror and incorporated into the document prior to contract award.

This screening information request (SIR) or contract, as applicable, incorporates by reference the provisions or clauses listed below with the same force and effect as if they were given in full text. #### **3.2.4-1 Type of Contract (April 1996)**

The FAA contemplates award of a Firm Fixed Price Requirements Type Contract resulting from this Screening Information Request.

#### **3.9.1-3 Protest (November 2002)**

AS A CONDITION OF SUBMITTING AN OFFER OR RESPONSE TO THIS SIR (OR OTHER SOLICITATION, IF APPROPRIATE), THE OFFEROR OR POTENTIAL OFFEROR AGREES TO BE BOUND BY THE FOLLOWING PROVISIONS RELATING TO PROTESTS:

(a) Protests concerning Federal Aviation Administration Screening Information Requests (SIRs) or awards of contracts shall be resolved through the Federal Aviation Administration (FAA) dispute resolution system at the Office of Dispute Resolution for Acquisition (ODRA) and shall be governed by the procedures set forth in 14 C.F.R. Parts 14 and 17, which are hereby incorporated by reference. Judicial review, where available, will be in accordance with 49 U.S.C. 46110 and shall apply only to final agency decisions. A protestor may seek review of a final FAA decision only after its administrative remedies have been exhausted.

(b) Offerors initially should attempt to resolve any issues concerning potential protests with the Contracting Officer. The Contracting Officer should make reasonable efforts to answer questions promptly and completely, and, where possible, to resolve concerns or controversies. The protest time limitations, however, will not be extended by attempts to resolve a potential protest with the Contracting Officer.

(c) The filing of a protest with the ODRA may be accomplished by mail, overnight delivery, hand delivery, or by facsimile. A protest is considered to be filed on the date it is received by the ODRA.

(d) Only an interested party may file a protest. An interested party is one whose direct economic interest has been or would be affected by the award or failure to award an FAA contract. Proposed subcontractors are not "interested parties" within this definition.

(e) A written protest must be filed with the ODRA within the times set forth below, or the protest shall be dismissed as untimely:

(1) Protests based upon alleged improprieties in a solicitation or a SIR that are apparent prior to bid opening or the time set for receipt of initial proposals shall be filed prior to bid opening or the time set for the receipt of initial proposals.

(2) In procurements where proposals are requested, alleged improprieties that do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested not later than the next closing time for receipt of proposals following the incorporation.

(3) For protests other than those related to alleged solicitation improprieties, the protest must be filed on the later of the following two dates:

(i) Not later than seven (7) business days after the date the protester knew or should have known of the grounds for the protest; or

(ii) If the protester has requested a post-award debriefing from the FAA Product Team, not later than five (5) business days after the date on which the Product Team holds that debriefing.

(f) Protests shall be filed at:

## **PART IV - SECTION M - EVALUATION FACTORS FOR AWARD**

**a. Basis for Contract Award:** This SIR solicits proposals on a competitive basis **restricted to Small Business concerns**. This acquisition will utilize Lowest Price Technically Acceptable (LPTA) source selection procedures in accordance with AMS, *Source Selection Mandatory Procedures*. Technical tradeoffs will not be made and no additional credit will be given for exceeding acceptability. Award will be made to the acceptable offeror with the lowest evaluated price, which is deemed responsible and whose proposal conforms to the solicitation requirements. The solicitation requirements include all stated terms, conditions, representations, certifications, and other information required by Section L of this solicitation.

As set forth in AMS 3.2.2.3-19 Contract Award (July 2004), the Government reserves the right to award without discussions. Therefore, each initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. Be advised that the competitive range, if required, may be reduced for purposes of efficiency pursuant to AMS 3.2.2.3.

Upon receipt of proposals, the Government will conduct an initial evaluation. The Government may conduct communications with offerors whose exclusion from or inclusion in the competitive range is uncertain. Communications shall not provide an opportunity for any offeror to revise its proposal.

**b. Number of Contracts to be Awarded:**

The Government intends to select one contractor for the Corrosion Protection and Control Programs instruction acquisition. Multiple awards will not be considered. However, the Government reserves the right not to award a contract at all, depending on the quality of the proposals and prices submitted and the availability of funds.

**c. Rejection of Unrealistic Offer:**

The Government may reject any proposal that is evaluated to be unreasonable or unrealistic in terms of program commitments, including contract terms and conditions, or unrealistically high or low in cost/price when compared to Government estimates, such that the proposal is deemed to reflect an inherent lack of competence or failure to comprehend the complexity and risks of the program.

**d. Correction Potential of Proposal:**

The Government will consider, throughout the evaluation, the "correction potential" of any deficiency or uncertainty. The judgment of such "correction potential" is within the sole discretion of the Government. If an aspect of an offeror's proposal not meeting the Government's requirements is not considered correctable, the offeror may be eliminated from the competitive range.

**e. Competitive Range Determination**

During the evaluation process multiple competitive range determinations may be made that eliminate Offerors from the competition. A competitive range determination may eliminate Offerors based on their initial proposal evaluation results, after discussions (if necessary), prior to issuance of the Final Proposal Revision request or for efficiency. If Offerors are excluded from the competitive range they may request a debriefing IAW AMS 3.2.2.3.

**f. Evaluation Methodology:**

Technical acceptability will be evaluated on all offers. Only those offers determined to be technically acceptable, either initially or as a result of discussions, will be considered for award. Then, price will be evaluated and the proposals will be listed from lowest to highest price based on the total evaluated price. Award will be made to the lowest evaluated priced proposal meeting the acceptability standards for the non-cost factors.

### **g. Award decision**

The award decision will be made as follows:

(1) Step One – Determine Technical Acceptability. The technical evaluation provides an assessment of the offeror's capability to satisfy the Government's requirements. The Government will evaluate all technical proposals received by the required date/time. Each Technical evaluation factor will receive a rating of acceptable, reasonably susceptible of being made acceptable, or unacceptable. If any factor is rated "unacceptable", the entire proposal is rendered technically unacceptable, and the proposal will be removed from the competitive range. Only proposals deemed technically acceptable (either initially or as the result of discussions) will be considered for award. The ratings are defined in the following paragraphs.

(a) Acceptable: The proposal meets all the minimum mandatory requirements in the solicitation identified as technical evaluation factors. Only those proposals determined acceptable, either initially or as a result of discussions, will be considered for award. Once deemed acceptable, all technical capability proposals are considered to be equal.

(b) Reasonably susceptible of being made acceptable: The proposal does not meet all the minimum mandatory requirements in the solicitation identified as technical evaluation factors; however, there is reason to believe that through minor revisions an acceptable proposal could result. For award without discussions these proposals are considered "unacceptable."

(c) Unacceptable: Fails to meet all the minimum mandatory requirements in the solicitation identified as technical evaluation factors. Proposals with an unacceptable rating will not be considered for award.

(2) Step Two – Evaluate Price. The offeror's Price proposal will be evaluated, for award purposes, based upon the total price of all CLINs (0001 through 0004) in Section B. The Cost/Price proposal will be reviewed for completeness and accuracy of the offeror's price calculation and price analysis will be conducted to determine realism, and reasonableness. Reasonableness will be based upon that overall evaluated price. Proposals (whether initial or revised submissions) which are unbalanced may indicate Offeror's failure to understand contract requirements. A summation of the CLIN total price (unit price \* quantity), and government estimated CLIN(s) (where provided) should be identified to reflect the total contract price for the base year, and each option year period. The total evaluated price will consist of the total of the Base Year period and Option Year periods One (1) through Three (3). If reasonableness of price is not determined through price competition, then the FAA may require the review of rationale and supporting data to establish the reasonableness of proposed price(s).

(3) Step Three – Award Decision. Award will be made to the lowest priced, technically acceptable offeror, subject to a positive responsibility determination and conformance of the offeror's proposal to the terms and conditions of the solicitation.

### **h. Evaluation Factors**

- a. The following evaluation factors will be used to evaluate each proposal. Award will be made to the Offeror proposing the **lowest price, technically acceptable offer** based upon an integrated assessment of the evaluation factors. All Technical Evaluation Factors 1 through 3 must all obtain an "acceptable" rating in order for the proposal to be considered for award. Award will be made to the acceptable offeror with the lowest evaluated price, which is deemed responsible and whose proposal conforms to the solicitation requirements.

Any offeror whose Technical Proposal does not address **all** Evaluation Factors will be considered ineligible for award.

**FACTOR 1: THE OFFEROR MUST PROVIDE A DESCRIPTION OF THEIR TRAINING AIDS AND FACILITIES THAT MEET THE REQUIREMENTS OF THE SOLICITATION.**

CRITERIA: Evidence of available resources to support requirements of Section F.4.(a)through(k)of the PWS.

ACCEPTABLE: The standard is met when the offeror is able to provide a description of the availability of training aids and facilities and copies of the documentation required to meet PWS and solicitation requirements.

**FACTOR 2: THE OFFEROR MUST PROVIDE PROPOSED TRAINING HOURS TO MEET REQUIREMENTS OF THE SOLICITATION, SPECIFICALLY ADDRESSING THE PERFORMANCE WORK STATEMENT SECTIONS C and F.1.**

CRITERIA: Proposed Training Hours to meet minimum hourly requirements outlined in Section C of the PWS.

ACCETABLE: The Standard is met when the offeror provides proposed training hours to meet the minimum hourly requirements in section C and in compliance with section F.1 of the PWS.

**FACTOR 3: THE OFFEROR MUST PROVIDE RESUMES FOR ALL INSTRUCTORS TO BE UTILIZED IN TRAINING UNDER THIS COLICITATION.**

CRITERIA: Resumes of all instructors to be used in this training course in sufficient detail to determine compliance with section F.7 of the PWS.

ACCEPTABLE: The Standard is met when the offeror provides resumes for each instructor that document compliance with section F.7 of the PWS.

**i. Solicitation Requirements, Terms, and Conditions**

Offerors are required to meet all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements, in addition to those identified as factors or sub-factors. Failure to comply with the terms and conditions of the solicitation may result in the offeror being ineligible for award. Offerors must clearly identify any exception to the solicitation terms and conditions and must provide complete supporting rationale.
